University of Kurdistan Hewlêr
زانکۆی کوردستان ههولێر

DUTIES AND RESPONSIBILITIES

Teaching:

- Deliver a minimum of 4–6 modules per semester to undergraduate and postgraduate students across a broad range of subjects within Mathematics, Statistics, and related disciplines.
- Participate in designing modules and programmes to reflect the latest developments in Mathematics and Statistics, aligning with University QA policies and professional requirements.
- Design and implement appropriate assessment methods corresponding to targeted learning outcomes in module descriptors.
- Provide support, counselling, tutorials, and supervision of undergraduate and postgraduate dissertations and projects.
- Provide constructive and timely feedback to students and other stakeholders.
- Offer general support to students through office hours, tutorials, and follow-up on attendance and academic progress.

Research:

- Conduct research and scholarly activities and publish in Mathematics, Applied Mathematics, Statistics, or related fields.
- Present academic papers at national and international conferences and symposiums.
- Write expert reports, grant applications, and other scholarly documents.
- Enhance the quality of research and support the University's role as a regional leader.

Administration:

- Actively participate in academic and administrative committees at programme, school, and university levels.
- Contribute to administrative and management tasks such as marketing, student recruitment, programme leadership, and module coordination as required.

Additionally, the selected applicant to undertake any other Teaching, Research & Administrative reasonable duties commensurate with the nature of the post and as requested by the line manager.

Society Engagement:

- Contribute, where appropriate, to knowledge transfer, leadership, public service, income generation, and consultancy activities of the University.
